Evacuation Exercise

Course Description

Classed as an emergency response drill, evacuation exercises must be completed by all areas of a facility at least once in each 12 month period as required by AS 3745-2010. The Training includes a briefing before and debrief after the evacuation and a report with the outcomes highlighting any deficiencies that were observed during the exercise.

Course Overview

The following information, guidelines and procedures will be covered:

- ➔ Evacuation Exercises that are conducted in a 'controlled environment' (scheduled) to test emergency procedures
- ➔ Variety of scenarios to encourage interest and development
- ➔ Briefing prior to the exercise for wardens and selected staff members
- ➔ Role-playing exercises to expand on evacuation procedures
- ➔ A post-exercise debrief is held and minuted

Course Specific Information

Please note: The Trainer will be present to observe and monitor the responses of your warden / staff only.

Please see our ECO Course for more information on evacuation principles training.
