# Warden Training

## Unit of Competency

**PUAWER005B** Operate as part of an emergency control organisation

## Course Description

Warden Training is designed to train personnel to perform the role of Warden, but not Chief Warden, in their workplace Emergency Control Organisation (ECO). This course is designed for personnel who are required to assist with evacuation control during an emergency in the workplace.

## Course Overview

The following information, guidelines and procedures will be covered:

- Respond to emergency reports, signals and warnings
- Identify the priorities to be observed during emergencies
- Outline the likely behaviour of people during an emergency
- Identify and demonstrate response to workplace emergency reports, signals and warnings as a member of an ECO
- Identify and demonstrate how to initiate and control an initial workplace emergency
- Identify and demonstrate appropriate handling of the escalation of an emergency
- Identify and demonstrate assistance with the post-initial response to a workplace emergency as a member of an ECO
- Describe how responses may need to be varied to suit different emergency situations that could occur in a workplace
